Research and Studies of Naturopathy....(Gold Medalist)

- I came across Naturopathy, at the end I concluded it is our way of life which creates stress and food habit which creates all disturbance in our physical body, on the spiritual side God never wanted human being to suffer

Flower Medicine....

She learned Diploma from Dr. Krishnamoorthy
After she went Holland and completed 8 levels in
Dr.Bach Flower Medicine Research Institute..
Flower Medicine is the sisters concern of
Homeopathy.After she included the Flower
Medicine into her service..

Research and Studies of Drugless Therapies

- Love unites everything; Our first parents created fear, fear covered the love, fear in humans created all diseases. My search went on, how to help the suffering humanity without medicine? I was introduced to Drug less Therapies. Thus I studied and treated patient with Magnet, Pyramid, Acupressure, Acupuncture ...etc. I realized Prana body has magnetic waves.

Research and Studies of Holistic., PhD(In Holistic)

I did Holistic Training at Pune under Medical mission sisters who introduced Holistic Training in India and I am graduated from them. I concluded my research saying “Stress is the root cause of all diseases, Negative thought pattern gives us stress. And stress manifests as disease”. My concluding verses were, ‘touch the root cause and dissolve the root cause. person has to be treated not the disease.’

Started ASHA Holistic Health Center At Srivilliputhur (Ancient Systems of Holistic Approach)

- Without harming humanity I can do my service which will make them whole. Thus they can lead a healthy and happy life. This is the way I desired to share my love for the humanity
- My Congregation allowed me to start a Holistic Health Center at Srivilliputhur and named it as ASHA (Ancient system of health approach). I strongly believe our ancestors were Healers not doctors. So I want to be known as Healer not a Doctor.

Started another branch Holistic Naturopathy Center at Chungankadai

From K.S.S.C. Kanya Kumari District, Fr. James and Sr. Godalieve sent a batch of new health workers to be trained in Holistic treatment. **Open a Holistic Naturopathy Health Center as my sub branch of ASHA.**

Dr. Pushpa and Dr. Ambrosia were my assistants caring for the center.

Electro Magnetic Healing lamp learn from scientist Dr.Amen

In one of the world congress I met Prof. Dr.Amen, who brought out 'Amen Lamp', which radiates Electro magnetic waves to treat cancer patients. People think it is a terminal disease, where as it is also created by long standing negative thoughts, so I wanted to prove that it is also curable. I learnt it from Dr.Amen, Bangalore, used this lamp in ASHA to treat cancer patients.

Holistic System of Medicine

- Nine years running ASHA Holistic center. My research was based on how to combine the system of treatment for every disease, thus for every disease I brought out a Holistic System of Medicine, for example Rheumatism.- Ayurvedic Medicine for (oil) local application, Homeo medicine, health exercises, stress management, reprogramming of the mind, meditation etc.

Research Paper....

- *My paper was sent for research; they announced in the next congress, that Doctors can practice Holistic System of medicine which has NO SIDE EFFECT. Till then in India doctors were practicing individual system of MEDICINE. Nature ALWAYS supports and compliments but does not create complication. For this research Srilanka, Colombo open international university awarded me Doctor of science and gave affiliation to the university.*

Holistic System of Medicine

- I named it as a Holistic system of Medicine, I presented the paper in 35 world congress at Srilanka. THE TITLE OF THE PAPER WAS 'HOLISTIC TREATMENT FOR EVERY DISEASE— ROOT CAUSE FOR EVERY DISEASE AND CHANGE OF THOUGHT PATTERN.'

Met Master Dang

In the world congress, She met Master Luong Minh Dang who also received Doctor of science award for Human Universal Energy and Spiritual Yoga. His paper was on cancer so I took much interest to learn.

He invited the Doctors who are willing to serve the humanity and to give selfless service and also asked the Doctors not to make money, name, fame. Unfortunately only 21 doctors answered his call and I was one among them. The main difference was he could reactivate our vital chakras 100% , second thing we could transfer energy to our self and others.

Her wordses....

At Sri Lanka I asked Master " How to make others healers ?"

Master said " Take it to India, Whom so ever you touch, they will become healers.
You got it unconditionally and give it unconditionally"

Healing Experience....

This healing is from God and not from Master Dang. God's love revealed once again to Humanity in the form of HUE&SY via Master Dang.

Master Appointed as a Director in India

She is doing religious responsibilities,
Medical service and HUE service...

HUE is beyond religion. God is not using
her as fully.

God interfere her life again to take HUE
mission as a full timer.

She strongly felt the call within her.

MY MISSIONARY CALL.
